

Encounter with a wolf

Roam through a thicket
of sadness, pain and fears.
Defencelessly trapped,
howls pierce my ears.
Glances up,
golden eyes,
captivating and immeasurable deep.
In sacred trust,
with the voice that called me.

Wander the path of wisdom,
refine my senses,
refuelling my courage.
Guidance through the darkness,
in silence and connection
lifts the veil.
In power and strength
I follow your trail -

Guardian of the hidden sphere.
